KWIK-WAY®

KW 55 Wheel Balancer

**Performs Like a Balancer
Twice the Size!**

- *Versatility and Performance* that matches its more expensive counterparts
- *Compact Size without sacrificing capability* - compact chassis and safety hood design; takes up only 38" X 40" of space
- *Up Front, Easy-to-Read LED displays* show imbalance on wheel and tire combinations up to 150 pounds
- *Low-cost, high-function balancer*, best suited for small and medium sized tire services needing reliability, low investment and good working range
- *9 Programs*—including Match Mount & Split Weight
- *Easily handles wheels* from 8" to 24" in diameter
